## RULES FOR USING THE CERTIFICATE

For the purpose of placing the product on the market, this Certificate may only be used during the period of its validity and provided the provisions of the normative documents applied for certification of the product remain valid. If the normative documents applicable to the certificated product have changed or new normative documents have been issued, the usability of the Certificate must be reviewed.

The Certificate may only be used as a certificate for the product specified on Pages 1 and 2. This also applies to its use in advertising, promotional and commercial materials. This Certificate may be copied in its entirety without written consent of the Engineering Test Institute. Unauthorised or deceptive use of the Certificate may result in its withdrawal.

It is prohibited to change, amend or overwrite the data contained in the Certificate.

The Certificate may not be used for documenting the properties of the product changed without consent of the Engineering Test Institute in such a way that conformity with the normative documents used has been affected.

Certification Body requires the holder of this Certificate to keep records of all the complaints and corrective actions relating to the products covered by this Certificate.
