

SINGLE-LINE PUMP STATIONS FOR UNMIXED HEATING CIRCUITS

CSE OTS G Pump Stations

Insulated single-line pump station with high efficiency Grundfos circulation pump, ball valves and thermometer.

TECHNICAL DATA

CONNECTIONS	1" F
FLUID WORKING TEMPERATURE	5 - 95 °C
DIMENSIONS	325 x 140 x 150 mm

COMPONENTS

- Grundfos circulation pump
- Power and signal cables
- Neat insulation for reduced heat loss
- 2 ball valves
- Check valve (codes 19088, 17922)
- Magnet Filterball (code 17922)
- Thermometer
